## Please Note - Very Important

- Please use your Initial and Surname or Company Name as reference
  - Only cash and direct transfers will be accepted. No cheque deposits.
  - Registration deposits or payments for vehicles must reflect in our account before we will release a vehicle or allow the client to register for auction. (All banks these days have an option to do an immediate transfer into another bank account).
  - Regarding refunds of cash deposits made into our account to register to auction - please note it can take up to 14 working days to refund you. Note it is much easier to refund you if you pay with a bank guaranteed cheque on the day of auction.
